

## Ladies' College Bursary Fund

### Sponsorship of a Student for Bursaries

The child to be sponsored will be identified by Admission Number and not by name as confidentiality is observed in this respect..

#### For full sponsorship of a child there are two options

- A) The school fees bill will be sent every term (i.e. three times a year) to the sponsor who will settle directly with the school.
- B) The sponsor may send the funds to the school to a separate account in the school and the settlement of the bill will be administered by the school.

In both groups the school will inform the sponsors of an increase in fees.

#### For Direct Donations to the Bursary Fund there are two options.

- C) Donations over one million can be placed in a separate account in memory of a loved one if requested. 75% of the interest will be given to the Bursary fund while 25% will be returned to the fund to compensate for inflation and falling interest rates.
- D) Donations under one million will be added directly to the Bursary Fund
